**IMPORTANT TO  
BREEDERS OF HORSES**

I shall start the following Stallions this season, in this county:

**HUMARK,**

Dapple Gray, six years old in June next; 15½ hands high, weighs 1350 lbs., flecked with black points, bred by the late Dr. J. B. Seaver, Mare, of Waterville; sire by Dr. J. Jones, out of an Eaton Messenger Mare; dam by Dr. Wm. Williams, out of a Penn. Major Mitchell, sale by the Morrow Co. at the old Williams' farm, 87-88.

He will serve by the above pedigree, would be hard to find a horse with more to him than Humark. He has made the promise of his breeding. And the horse I shall show 2nd cut, and he is considered by the best judges as being one of the best of his color all show it. He has some colts under three and \$1500, and no other winners than my horse in America 1891.

**LEXINGTON,**

Dark Bay, (without white) with black points 15½ hands high, in four year old colt by ten Gen. Hancock, bred by the famous running horse Lexington, the winner twenty-three times, and \$1500, and no other winners than my horse in America 1891.

Lexington was broken the last winter good season, and ran show good speed. In the handling he has had.

This presents a good opportunity for the owners of money to improve the class of horses.

The terms will be either of the above to five dollars for the season. Cash or satisfactory paper at the time of service.
